Administrative History

In 1996, the ONE Institute / International Gay & Lesbian Archives (now the ONE National Gay & Lesbian Archives) introduced three female members to its board of directors: Jeanne Córdova, Ivy Bottini and Karen Quimby. Along with other lesbian women on the ONE board, Córdova, Bottini and Quimby spearheaded a campaign to increase lesbian visibility at ONE and to develop a special collection within the archives, known as the Lesbian Legacy Collection. Karen Quimby served as its first director.

The Lesbian Legacy Collection (LLC) developed under the supervision of lesbian feminist, activist and librarian, Yolanda Retter. Through a grant from the California Community Foundation and additional funds from ONE, Retter was hired as LLC's full-time librarian, and the LLC opened its doors to the public in 1997. Among Retter's projects and activities was curating gay and lesbian exhibits; creating and maintaining a website on lesbian history; providing resources for researchers and scholars; and collecting, organizing and preserving the LLC subject files, a substantial portion of which was acquired by James Kepner, founder of the International Gay & Lesbian Archives. In 2006, the Lesbian Legacy Collection ended its operations.

Scope and Content

The Lesbian Legacy Collection Subject Files comprises clippings, catalogs, organizational records, flyers, pamphlets, correspondence, manuscripts, press material, slides, photographs, posters, textiles, calendars and other printed material that document organizations, events and individuals significant to the feminist and lesbian rights movement. The collection is divided into two series: (1) Subject Files and (2) Photographs, Posters and Textiles. The Subject Files are arranged alphabetically, and approximate dates range from the 1950s to 2000s. The Photographs, Posters and Textiles Series includes posters from events and organizations, a single cloth armband, and photographs, some of which date as early as the 1920s.
